

# Executive Consultant Sherri Title From "Surprised" To Successful.

*Working as a paralegal for nearly 20 years, Dallas resident Sherri Title knows what hard work is. And the people skills she developed while working with lawyers and clients were the perfect training for her second career with Ambit Energy.*

*"When Ambit was introduced to me, I was working for a venture capital firm," says Sherri, who recently earned her promotion to Executive Consultant. "Justin Title was my boyfriend at the time, and he asked me to be his first customer." (She signed up on the spot without even asking the rate!) And after she agreed to sign up, Sherri soon realized that they were onto something big.*

#### **SURPRISING RESULT**

*"I really liked that I could start my Ambit business while still working full-time," says Sherri. "My friends and family have been very supportive from the beginning. I thought this would be a great way to build a business where I could eventually work from home full-time."*

In the beginning, Sherri had no expectations – so she was caught completely by surprise at how quickly her business was growing and how much money she was earning with Ambit.

*"My friends are very impressed at how my success seemed to morph into high speed," exclaims Sherri. "No one expected it to be as big as it is – my results have far exceeded my expectations."*

*"I thought that maybe my residual would be a few hundred dollars a month, but not what it actually is!"*

Sherri & Justin knew they were onto something big. Together, they've placed 8th on the "Top 10 Income-Earning Executive Consultants" list.

Thanks to her hard work, Sherri was able to retire from her career as a paralegal – and now devotes all of her working time to growing her Ambit business.

#### **KEEP TALKING, KEEP GROWING**

Sherri's new motto is "Don't quit and keep talking," and you can see her and Justin putting that philosophy into action every week. The Titles are heavily involved in Ambit Business Presentations and Training Sessions in the Dallas area every week.

Sherri is very proud of the people she has been brought on board with Ambit. *"I have an incredible team, and without them, I wouldn't be where I am now."*

#### THE SKY'S THE LIMIT

*"Because of Ambit, my husband and I are able to travel anytime and anywhere we like," says Sherri. "We're currently planning to build a new house on an incredible lot we just purchased."*

Like most top-earning Consultants, Sherri and Justin are always building their business! *"Of course, our next goal is to make National - and we're working on it right now!"*

Sherri truly believes that the sky is the limit! *"I see great lives for my three children, free from any financial burden - and we have Ambit to thank for that!"*

**KEEP TALKING!**
